EDUCATION

University of Regina	2018-Present
<i>Software System Engineering</i>	
Faculty of Engineering Dean's Honour List	2021
University of Regina International Entrance Award	2018
University of Waterloo	2017-2018
<i>Honours of Mathematics</i>	
University of Waterloo International Student Entrance Scholarship	2017
Grenfell High Community School	2015-2017
Governor General's Academic Medal	2017
Academic Proficient Award	2015 -2017

SKILLS

Technical

- Using problem-solving techniques and the fundamental concepts of programming to design the software process.
- Independently and work in groups to design and communicate to finalize Engineering related projects.
- CS 115: Object-oriented programming, type systems, algorithms and Design Software Engineering
- CS 210: Data abstraction, structures, analyze and computing algorithms and computational complexity.

Computer Skills

- Programming: C++, HTML, CSS, JS, Swift
- Operating Systems: Windows, Android, macOS, IOS
- Software Applications: Visual Studio, Xcode, MS Word, MS Powerpoint, MS Excel, WordPress

Transferable Skills

- Languages: English, Korean

PROJECTS

University of Regina (academic)

- Rube Goldberg Project, Sept – Dec 2018: Collaborated Team members to design, communicate and build Rube Goldberg Machine
- People Centered Design. Jan 2022 – Present: Collaborating with Food Bank Regina, team members and interacting with clients to make better community of Food Bank

WORK EXPERIENCE

Teaching Assistant

Mar - Sept 2021

EiE Korea University English Institute. Seoul, South Korea

- Helped lead teachers to create lessons
- Reviewed discussed material with students either individually or in groups
